FAQ

Please read the following Rules and FAQ carefully as rules are constantly changing with the advent of new discoveries, information and technology within the cannabis industry.

2017 KUSHSTOCK Competition Categories for San Bernardino, CA

- The competition will be three categories; **Flower, Edibles, Concentrates.**
- These Cup competition categories are **only open to state licensed California businesses.**
- Please note that contestants may only enter **one entry per category, per business entity.**
- For flowers, we require **28 grams per entry.**
- We ask that you label your entry clearly with the name of the strain, category and company name.
- We ask that you label your entry **ONLY ONCE** on the exterior of the box / bag / container that holds your entry.

Flower Please separate your 28gram entry into (8) 3.5gram increments. Please do not label the individual jars or bags of 3.5gram increments as judging is conducted blind and removing these labels only equals more work for us.

For Concentrates, we require 28 half grams per entry. However, we now ask that all Concentrate entries come in halfgram (0.5g) increments.

NEW RULE Regarding Concentrates:

- All concentrate entries must be submitted in either plastic containers or small glass vials.
- All containers must be unmarked. Unfortunately, to ensure the fairness of the competition,
- KUSHSTOCK cannot allow customized containers such as dab dishes, blown glass jars or anything else that may reveal a specific competitor's entry to judges. Any entries brought to registration that are not in standard plastic or glass containers will not be accepted.

We ask that you place your containers into a box or large plastic bag that is clearly labeled with the name of the product, category and company name. However, please do not label or sticker the individual jars, only the bag or box you deliver them in.

IMPORTANT: Please understand that the Edibles category does not lend itself to the same "blind judging" process that the other categories do. This is due specifically to fact that packaging is an important component in the scoring this category.

FAQ

****NOTES REGARDING DISQUALIFICATIONS****

- KUSHSTOCK reserves the right to disqualify (DQ) entries for any rules violation and in cases where KS deems the entry, or practices of the competitor therein, to be against the spirit of fair competition.
- Entries that have high incidents of mold, bacteria, or pesticides as identified either by either the competition committee or our partner labs will be privately disqualified and the competitors immediately notified.

LASTLY, WE'D LIKE TO THANK ALL OF OUR PARTICIPANTS FOR SUPPORTING OUR EVENT, THE COMPETITION AND THE MOVEMENT OVERALL. TO THIS END, WE HOLD THE HUMAN ELEMENT OF THE JUDGING SYSTEM AS THE MOST VALUABLE COMPONENT TO THE PROCESS. THAT BEING SAID, PLEASE UNDERSTAND THAT UNTIL THIS NEW SYSTEM IS DEEMED FLAWLESS.

WE APPRECIATE YOUR UNDERSTANDING, PATIENCE AND FEEDBACK DURING THIS PROCESS.
